

WOODEN REELS FOR CABLES

KABELTROMMELN AUS MASSIVHOLZ

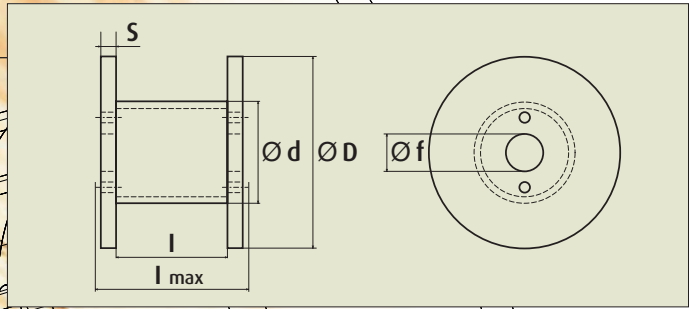

Currently 5 nailing lines are able to produce up to 150,000 of 400mm - 4000mm diameter flanges every month. In addition to flanges, are supplied barrel lags and flat pack Reel kits for self assembly.

All metal parts (plates, tie-rods, etc.) can be included with the flanges.

Fertigungslinien zur Herstellung von Kabeltrommelflanschen aus Massivholz mit einem Durchmesser von 400 bis 4000mm ermöglichen einen Ausstoss bis zu 150000 Stück/Monat. Zur Komplettierung können die Kernleisten und alle Metallteile (Trommelbolzen und Buchsen) mitgeliefert werden.
